GENERAL MATTERS.

More Banks Pulled Down by New York Failures.

Capitalists Attracted by Dakota's Tin Mines.

Doings at the National Capital--Record of Congress.

Bank Troubles.

ERIE, Pa., March 19.—The Erie County Savings bank of this city suspended this morning. Capital $150,000; liabilities $300,000. It is said the president has been dabbling in oil. He has left the city.

No statement has yet been made by officers of the Erie County bank, except that the deposits were about $300,000. It has wealthy stockholders, and as they are individually liable, all claims will doubtless be paid in full. One of the directors who has been examining the accounts says there was no ground for the failure, but the president got frightened and precipitated matters by advising his friends to withdraw their deposits.

LAFONIE, Ind., May 19.—The City Exchange bank made an assignment Saturday, owing to the failure of Donnell, Lawson & Simpson. Liabilities $30,000; assets $21,000.

PETERSBURG, Va., May 19.—In consequence of heavy runs, as well as on other banks, the Planters' and Mechanics' bank has temporarily suspended. Notice given by the board of directors and president says a satisfactory attempt will be made, and the bank, it is believed, will be able to pay every cent.

NEW YORK, May 19.—W. B. Scott & Co., brokers, suspended. Stocks closed firmer. The Scott failure had no effect.

Dakota Tin.

CUSTER, D. T., May 19.—Excitement is high here over the recent development in tin discovery. Assays on the stone taken from several developed mica mines show an unprecedented percentage of tin. Numbers of Welsh and English capitalists and experts are here looking over the field.

Currency Contraction.

WASHINGTON, May 19.—The failure of the friends of the McPherson bill for the prevention of further contraction of currency to secure a hearing in the house to-day has filled them with apprehensions. It will be impossible for them to secure favorable action upon that measure at the present session. The McPherson bill proper, the bill which passed the senate, is on the speaker's table with sixty odd bills ahead of it, and the substitute for Wilkinson's bill reported from the house banking and currency committee, which is identical in its provisions with the McPherson bill holds an equally unfavorable position on the house calendar. Neither can be reached this session except by unanimous consent or by a motion to suspend the rules, which can only be made on the third Monday of the month, and the manner in which the banking and currency committee was deprived of a hearing to-day almost convinced the friends of the bills that it will not receive the necessary two thirds vote to suspend the rules if they should get an opportunity to make such a motion on the third Monday of next month.

An Appropriation Bill.

WASHINGTON, May 19.—The legislative, executive and judicial bill as reported to the house makes the appropriation $20,736,000; an increase of $88,000 over the current appropriation. The bill provides that the assay office at St. Louis be abolished and reduces the number of internal revenue districts from 83 to 63. It is further provided that of the contingent fund for either house no part of the money appropriated shall be expended for clerical services for any senator, representative or delegate in congress. The object of the provision is to prevent the payment of salaries to private secretaries of senators.

XLVIII Congress.

HOUSE.

WASHINGTON, May 19.—The contested election case of Wallace vs. McKinley was postponed and Randall attempted to secure the passage of three appropriation bills agreed to in committee of the whole Friday last.

On call of states for bills the following were introduced and referred:

Weller—Authorizing the secretary of the treasury to use as soon as may be all the surplus money in the treasury for the redemption of bonds outstanding at a price not above par.

Lewis—Prohibiting the confirmation of and patenting of unearned land grants.

King—Directing the secretary of the treasury to allow rebate of ten per cent on all goods imported in vessels on the American register.

Holman, appropriations, reported the legislative, judicial and executive appropriations bill. Committee of the whole.

Hatch of Missouri, rising to a question of privilege, apologized to his colleague Alexander for certain language toward him on Saturday during consideration of the court bill.

Notice was given that the Wallace-McKinley case would not be called up until next Monday.

The house then, on motion of Randall, proceeded to consider appropriation bills.

Cannon moved to recommit the consular and diplomatic appropriation bill with instructions to the committee on appropriations to report back a bill carrying appropriations similar to those for the current year, with certain specified exceptions. Lost; yeas 83, nays 136.

The bill then passed; yeas 120, nays 85.

The army and District of Columbia appropriation bills passed without opposition.

Collins, committee on judiciary, moved to suspend the rules and adopt a resolution making the senate bankruptcy bill special order for Tuesday, June 10th. The motion was seconded, 100 to 80.

Culberson, of Texas, favored the motion.

Willis thought the bankruptcy bill should be pressed until presidential election, after a bankrupt law as demoralizing and promotive of dishonesty. At this very time Wall street was in a maelstrom of speculation and great names were resting under the shadow of disgrace on account of that speculation. Congress should not encourage this by the passage of the bankrupt law which would operate as an injury to public morals and would work ruin to thousands of widows and orphans.

Holman and Moulton opposed the bill.

Collins said he was not to be deterred from his advocacy of the bill by any suggestion as to the coming presidential election. Let it come with all issues that might be involved. He did not believe the passage of a bankruptcy law would militate against the interests of his party.

The motion was lost; yeas 137, nays 118—not the necessary two-thirds in the affirmative.

The banking and currency committee was next on the list and Wilkins was ready with a resolution fixing a day for consideration of the McPherson bill, but the motion to adjourn was interjected and carried.

SENATE.

Harris presented a petition from the Merchants Exchange of Nashville protesting against the consolidation of the customs port of Nashville with that of Memphis and praying that an appraiser be appointed for the port of Nashville.

Bills reported favorably and placed on the calendar:

Ingalls, committee on judiciary, a bill to establish another judicial circuit by dividing the eighth circuit, which now embraces the districts of Minnesota, Iowa, Missouri, Nebraska, Kansas, Arkansas and Colorado. The eighth circuit under this bill, includes the districts of Nebraska, Kansas, Arkansas and Colorado. The ninth circuit includes the districts of Minnesota, Iowa and Missouri.

Blair, committee on pensions, increasing pensions of soldiers and sailors who lost an arm or leg and for other disabilities contracted in the service.

Logan, committee on judiciary, fixing the limit within which prosecutions may be instituted against persons charged with violation of internal revenue laws.

Plumb introduced a bill to forfeit unearned land granted the Atlantic & Pacific Railway company to aid the construction of a railroad and telegraph line from the state of Missouri and Kansas to the Pacific coast, and restore the same to settlement.

The chair laid before the senate a resolution offered Thursday by Morgan directing the committee on finance to examine cases of recent failures of national banks and whether such failures were due to violations and evasions of the law on the part of the officers or directors.

Morrill moved to amend by substituting for the purpose of investigation the comptroller of currency for the finance committee.

Morgan said the very reason why he moved to devolve the duty on the committee was because officers appointed to see that banks complied with the laws had not performed their duty. There was, for instance, a law against over-certification of checks which it had become notorious was utterly disregarded, on the occasion of the passage of the law on the subject in July, '82. The failure of the Marine bank had been due to the fact that the bank had supported Grant & Ward in their wild schemes. A spectacle had been presented to the world that argued a painful condition of commercial honor in the city of New York.

Morrill modified his motion by moving reference of the resolution to the finance committee.

Bayard supported the motion.

Sherman supported reference. The senate ought, he said, be very careful in a question of this kind. He had been in New York the day when the trouble referred to occurred and he could assure the senate, although there might here and there have been over certification of checks, yet that had not been the trouble at all. In every case the trouble was caused by the speculative operations of officers. The banks affected in some cases had not by certifying checks; but rather by non-certification. The proper remedy would be to prescribe severe penalties against dealing in speculative transactions by officers of banks or using money in the bank in any transactions that such officers might engage in. Sherman said no special use in committee investigation in New York. We had government officers there, who could give us all the needed information. If the committee were to go there to make commotion and keep up agitation in regard to the failures there, it might embarrass others. Confidence in standard securities of the country had not suffered, trouble had resulted in clearing atmosphere and he believed the present commercial position better than before.

Morgan criticised the action of the secretary of the treasury for his interference in the late troubles, and officers of the government generally for not seeing that the banking laws were enforced. We might as well, he said, farm out the credit of the United States to faro dealers on Pennsylvania avenue as to allow the national banks of New York to farm out their credit to stock gambling and other speculative operators.

The resolution was referred to the committee on finance.

A resolution was offered, which went over until to-morrow, directing the committee on public lands to make inquiry as to whether the New Orleans, Baton Rouge & Vicksburg railroad expended money to influence congressional action.

A message from the house was read announcing non-concurrence in the senate amendments to the Indian appropriation bill.

The senate insisted on its amendments and agreed to a committee conference.

Pending debate on the bill for creation of a bureau of labor statistics the senate went into executive session and soon adjourned.

A Disastrous Fire.

CONSTANTINOPLE, May 19.—At Bey-Bazaar, a city of Asia minor, 950 dwellings, 544 warehouses and shops, 1 mosque, 18 schools, 9 khans and 140 other buildings were burned. Eleven persons perished.

WOOL CONVENTION.

A Million Votes Held Out to the Political Leaders.

Wool Growers.

CHICAGO, May 19.—The committee on permanent organization reported Columbus Delano of Ohio for president, R. J. McCulloy of Missouri secretary and a list of vice-presidents from wool growing states. The report was approved. Delano in taking the chair returned thanks for the honor conferred, sketched the importance of the wool industries of the United States and the necessity for united action for the protection of that interest. He said the development of wool growing began with the passage of the wool tariff of '67 and the result had been a reduction in the price of wool to the manufacturer. He urged the necessity of constant work until the restoration of that tariff was secured and politicians brought to terms. He urged the existing danger of financial ruin pending over the nation, held that tariff for revenue was free trade and was dangerous to the prosperity of the country.

The committee on resolutions made a report which, after speaking of the injustice imposed by the act of congress of March, '83, went on and declared: first, that by census returns of '80 there were one million, twenty thousand flock masters and there is no state where this industry is not pursued; second, that the product of wool for the year '83 reached 320,000,000 pounds and its value is more than one hundred million dollars, and that the value of mutton resulting from sheep slaughtered for food was over $50,000,000; third, that the sheep husbandry is an important factor in the prosperity of agricultural pursuits because of the utility of sheep in fertilizing the soil and replenishing exhausted land, so that if abandoned or seriously diminished our entire system of agriculture will be embarrassed, our capacity for the production of meats, breadstuffs and other articles required by our civilization will be seriously diminished, and our great prosperity impeded. We cannot afford as a nation to endanger a great agricultural pursuit which adds each year directly one hundred and fifty millions of dollars to the nation's wealth, having invested in real estate not less than $500,000,000 capital, and which contributes indirectly so extensively to the nation's prosperity; fourth, that the act of '83 reducing duties on foreign wools has seriously injured, and if continued will in the future diminish if it does not substantially destroy, the production of wool and of sheep in the United States, and this assertion we sustain by those facts. The report then goes on to show that the clip of '83 caused a loss of over $16,000,000 to wool growers compared with '82 and predicts much greater loss for '84. It says the climate and conditions in Australia will compel American producers to abandon sheep raising for other pursuits. It is, therefore,

Resolved, That we will organize as wool growers and sheep breeders and co-operate by means of our national association to be aided by state and county associations and in this way and by all the legislative methods will do all in our power to restore the wool tariff of '67 or its equivalent on wools and woolens and cause to be repealed the unjust, unwise and unequal legislation of '83, reducing duties on wools and woolens.

Resolved, That in doing this we will without reference to former political affiliations recognize our friends whenever and wherever we find them, and at the polls we will sustain only such men and such party organizations as are in favor of protecting and encouraging and sustaining sheep husbandry in those United States by restoring the wool tariff of '67 or its equivalent.

Resolved, That we favor a wise and comprehensive system of economic legislation best calculated to foster and develop all American industries that can be profitably pursued by our people whereby employment may be given all laboring classes, not at prices paid the laboring poor of foreign nations but such wages as will secure such educational, religious and social privileges and such physical comforts as free men of this free nation are entitled to and ought to enjoy.

Resolved, That we repudiate the doctrine of free trade as a fallacious and impracticable theory, sustained largely by the money of foreign capitalists, who desire the control of our market for the sale and consumption of goods produced where labor is cheap and money abundant, and we regard as unworthy of respectful consideration the theory of those manufacturers who claim that raw material shall be free while their fabrics are protected. We ask with emphasis why the labor required to produce wool is less worthy of protection than labor at the spindle and the loom where the fabrics of wool are produced.

Resolved, That the long-continued and systematic under-valuation of imported wool, resulting as it does in the loss of much revenue to the government and robbing of American wool growers of protection sought to be conferred by the tariff and which the secretary of the treasury declares will continue under existing laws, demand and should receive the immediate attention of congress.

The platform was adopted with the addition of the following words to the second resolution: "And that we will not support any party or political candidate until it or he has clearly defined its or his position in favor of the restoration of said tariff." A committee of five was appointed to draft an address to the wool growers of the United States. Adjourned till to-morrow.

OHIO WOOL GROWERS' THREATS.

CHICAGO, May 19.—The Ohio delegates to the National Wool Growers' convention, which will meet here to-morrow, held a caucus to-day and decided to present to the convention a resolution to the effect that the wool growers of the United States will support no candidate for a national, state or other office, of whatever party, unless pledged to the immediate restoration of the tariff of 1867. They set forth that there are over 1,000,000 wool growers in the United States, controlling 2,000,000 votes, which they say is the balance of power.

Edwards--Hart.

DENVER, May 19.—The score at midnight 24 hours from starting—Edwards 111 miles 4 laps, Hart 104 miles 9 laps.

Methodist Conference.

PHILADELPHIA, May 19.—At the Methodist conference the consecration of bishops elect was fixed on Thursday. The committee on missions reported that permission be granted for a division of the South India conference into two annual conferences during the quadrennium if the exigency of the case demands it. The report of the committee was adopted. The committee on missions recommended the election of two co-ordinate corresponding secretaries for the missionary society. Adopted. The conference proceeded to vote. Rev. Drs. Reid of Michigan, McCabe of New York, Grucher of Baltimore, Hare of New York, Fitzgerald of Newark, Olin of Wyoming and Todd were placed in nomination.

The committee on missions presented a report recommending the adoption of the following:

Resolved, That we recommend to the favorable consideration of the general mission at the next session the subject of the establishment of evangelizing agencies at such places among the Roman Catholic population of this country as they deem expedient, and the appropriation of moneys for the same.

Adopted.

Tellers reported that Rev. Dr. J. M. Reid and Rev. C. C. McCabe were elected missionary secretaries. Rev. Kynett, of Upper Iowa, was elected corresponding secretary of the church extension society. Rev. Dr. Rust was elected secretary of the freedmen's aid society. Rev. Dr. Vincent was elected secretary of the Sunday school union. Rev. Dr. Buckley, of New York, and Rev. Dr. Crooks were nominated editors of the Christian Advocate. Rev. Dr. Lanahan, of Baltimore, was authorized by Rev. Dr. Crooks to withdraw. Rev. Dr. Curry was elected editor of the Quarterly Review. Adjourned.

Indian Difficulty.

MINNEAPOLIS, May 19.—The Journal's Winnipeg special says: The trouble is rapidly coming to a climax among the Indians of the Northwest territory. Piapot has called a big sun dance and invited all the Indians, and will demand to be given land where they can get fresh fish to counteract the effects of bacon, which has spread scurvy throughout the camps, causing fifty of his people to die in three months. He complains of broken pledges of the government as to supplies. The Assiniboine and other tribes are to join the movement for a change. Yellow Calf's band have armed and are defying the authorities. Cannon and troops have been sent to the front from Regina. A fight is looked for.

Pissing from a Rope.

GALVESTON, May 19.—A News' Denison special says: About 9 to-night a negro attacked two young girls, daughters of prominent citizens, and attempted outrage, but they succeeded in breaking from his grasp and escaped. Continuing his course up the street, the villain then attacked a servant girl, whose cries brought a policeman. A battle ensued and the negro was badly beaten, and it is believed shot, notwithstanding which the negro downed the policeman with a rock and escaped. Over twenty citizens are scouring the town and suburbs in search. Certain lynching awaits the negro if captured.

Wholesale Poisoning.

LOUISVILLE, May 19.—A Courier-Journal Harrodsburg, Kentucky, special says: A horrible case of wholesale poisoning by hemlock took place near that place to-day. Eighteen boys after playing a game of base ball started in search of wild parsnips, but got hold of deadly hemlock instead. The boys ate freely and all were taken violently ill. Two died almost immediately, five are in a critical condition, not expected to live, and the others are suffering more or less from the poison.

Fires.

CINCINNATI, May 19. The Cincinnati leadpipe and sheet company's works, 21 and 23 East Ninth street, burned this afternoon, and loss to stock was $50,000; insured. The building belonging to Jacob Evans' estate, $10,000; insured. Mrs. Leech, rooming in the fourth story, was fatally burned. Wm. E. Cook was also severely burned.

Kansas' Funds.

TOPEKA, May 19.—Governor Glick telegraphs from New York: "Funds of the state are safe. First National bank is selected as fiscal agency of Kansas. Donnell, Lawson & Simpson will pay all liabilities, if creditors give them a little time.

The Deadly Boiler.

LITTLE ROCK, Ark., May 19.—Near Lewisburg Saturday evening a mill boiler exploded, instantly killing Engineer Frank Weaver and Captain A. B. Thompson, and fatally wounding Ben Howard and Weaver's son.

Sam Ward Dead.

LONDON, May 19.—Mr. Sam Ward died at Pegli, Italy, to-day.

LOCAL LEGISLATION.

Second Regular May Meeting of the City Council.

Transaction of Considerable Routine Business.

Important Resolution Introduced by Mr. Ralstin.

The city council met in regular session last evening. The following aldermen were present: Farrar, Jones, Draper, Hughes, Ralstin and Hemenway. In the absence of Mayor Humphrey, Alderman Jones, president of the council, occupied the chair. The minutes of the previous meeting were read and approved. An invitation was read and accepted from the G. A. R. inviting the council to participate in the ceremonies of the post on Decoration day. An anonymous communication was read and referred to the city marshal. The communication complained of the noise and nuisance caused by the wild animals in the possession of Mr. C. E. Aikin.

Alderman Jones of the police committee reported that they had resolved to leave all prosecutions for vagrancy to the discretion of the city attorney. The committee also reported in favor of the payment of $5 of the bill of Justice Fields for $18.55. The committee further recommended the payment of Justice Pixley's bill of $30 for the month of April. Alderman Ralstin reported from the water works committee that the committee were in favor of allowing the petition of D. T. Rook and others requesting the council to replace the ¾-inch pipe in blocks 134 and 144, with 4-inch pipe. The committee also reported in favor of extending the terminus of the pipe in block 365 to a point 100 feet further south, as requested in the petition of Agnes Foord.

The council ratified the action of the committee in regard to these petitions, and the superintendent of the water works was instructed to proceed with improvements as soon as the pipe could be received.

Alderman Ralstin, from the water works committee, presented a minority report in regard to changing the ordinance relative to the size of the nozzle to be used for lawn sprinkling purposes. Mr. Ralstin said he was opposed to changing the ordinance, and recommended that it remain as it now stands. The committee were granted further time to consider the matter.

Alderman Farrar reported from the ordinance committee that the work of amending the streets of the town was progressing slowly.

On motion of Alderman Draper, the committee on public works was instructed to see that the music stand in the north park be roofed and repaired, and that both of the stands be painted.

Alderman Jones, from the artesian well committee, reported that they had found one of the gauges on the well unsatisfactory, and that nothing definite had been determined upon between the committee and the contractor in reference to continuing the work on the well or not.

The following bills were filed and allowed:

Work on streets and ditches	$198 80
Public grounds	38 80
Cemetery work	175 90
Extension water mains	61 15
C. D. Rogers, burying cow	3 00
John Kersher, burying cow	3 00
E. J. Watson	2 45
Duffield Bros	11 25
R. W. Frost, special police	10 00
T. T. Palsgrove, janitor work	20 00
John Pixley, justice fees	30 00
John Fields, justice fees	5 75

The bill of S. E. Sessions for $67.80 for work done on boxing ditches was referred to the committee on streets and ditches.

The bill of W. B. Jenkins of $128.80 for coal furnished at the artesian well was referred to the committee on artesian well.

Alderman Draper moved that prosecutions for violations of the city ordinances shall only be commenced by the city attorney; provided that said attorney shall be subject in such action to the mayor or city council. The motion was unanimously adopted.

On motion of Alderman Farrar it was moved and carried that the finance and police committees be instructed to investigate and report at the next meeting of the council, in regard to the legality and advisability of establishing a dispensary for the sale of liquors for medicinal purposes.

The committee on public grounds were, on motion of Alderman Draper, instructed to consider the advisability of placing gas lamps in the city parks.

Mr. W. A. Richards, the city engineer, addressed the council in regard to the rate of compensation to be received by the city engineer for work done for the city. On motion of Alderman Hughes the bill of Mr. Richards for $20 was allowed. On motion of Alderman Draper the matter of the salary of the city engineer was referred to the committee on public works, with power to act as they should see fit.

Alderman Ralstin introduced the following:

WHEREAS, The authority of this city is defied and its good name as a peaceful, law-abiding community menaced and endangered by persons engaged in the illegal traffic in intoxicating and malt liquors, therefore be it

Resolved, by the city council of the city of Colorado Springs, That the city attorney, city marshal and police force be and are hereby instructed and required to use the utmost diligence in detecting and prosecuting out violations of the ordinance prohibiting the sale of liquors, and to prosecute vigorously all persons guilty of such violations; and that the courts of law before which such prosecutions are or may be instituted are respectfully requested to aid in the administration of justice and the vindication of the law by resisting as much as possible dilatory motions and vexatious continuances, and in cases of conviction by inflicting the highest penalty authorized by law.

Alderman Ralstin said that some complaints had been made in regard to the position which the council had taken in regard to the prosecution of the liquor cases. He said that the council had been accused of dilly-dallying in the matter of these prosecutions, and he moved the adoption of these resolutions in order to show where the council stood. Alderman Hughes strongly advocated the adoption of the resolutions, and expressed himself to be in favor of the employment of every just means to enforce the law.

Alderman Draper said that he would cheerfully vote for the adoption of the resolution.

Alderman Hughes said he believed in the selling of liquor for medicinal purposes and he thought that the drug stores were the proper places to sell it.

Alderman Farrar said he was heartily in favor of the resolutions and as former councils had placed these ordinances upon the statute books, it was the duty of the present council to see that they were enforced.

The resolutions were unanimously adopted.

City Attorney Bentley stated to the council that one of the private detectives engaged in the ferreting out of offenders against the liquor ordinances had been employed for carrying concealed deadly weapons, and it was probable that the suits would be continued from day to day. He thought that the council should appoint these detectives as special policemen and that their appointments should date from the time when they were appointed as special policemen by the mayor without pay.

Alderman Jones said these men performed their work well, and that they were compelled to go armed in order to protect themselves.

On motion the appointment by the mayor of Messrs. A. B. Whitmore and J. T. Miller as special policemen was ratified, and that their term of service should date from the time when the mayor appointed them. The city clerk was directed to cast the ballot of the council for Messrs. Whitmore and Miller as special police.

Alderman Hughes reported that the committee on public grounds had arrived at no conclusion in regard to the penalty to be attached for the failure of any property holder to comply with the ordinance in regard to the number of hours. The size and the price of the number to be used was left to the decision of the council. On motion of Alderman Ralstin the matter was referred back to the committee with instructions to report at the next meeting of the council.

Alderman Hemenway stated that some action should be taken in regard to the Denver & New Orleans railroad watering their engines from the water mains. It was moved and carried that the matter be referred to the committee on water works.

The matter of providing a janitor for the city buildings was, on motion, left to the committee on fire department.

Alderman Hughes said that he was in favor of the street and ditch commissioner making monthly reports as to the work performed in his department, and the amount of money received and expended by him. An informal discussion then ensued in by the council, which showed that the council was in favor of the commissioner making a monthly statement of the work performed in his department.

Alderman Hemenway moved that the matter of providing the land on the west side of the D. & N. O. railroad with irrigating water be referred to the committee on street and ditches. The council then adjourned.

A Bunch of Keys.

A large audience was present last night at the opera house at the presentation of "A Bunch of Keys." The play had a week's run in Denver and there were crowded houses every night. It is said that many people went so enthusiastic that they went two or three times to see the play. It was the general opinion of the audience last night that the house was well arranged. There was a great deal of action in the play. It can also be said that it had an average of quality. "Teddy," "Dolly" and "Grimes" have evidently considerable dramatic talent, and the audience could enjoy seeing them in a piece of comedy. Charles Bowser who usually takes the part of "Snaggs" was ill and his place was taken by the stage manager. In the beginning many people laughed vociferously as the play was said to be very funny. If the play had been bright and witty and the leading parts taken by the actors who were supposed to take them, the evening would have been very enjoyable.

A Fatal Quarrel.

GALVESTON, May 19. Colonel Edwards, of Austin, widely known throughout the southwest, died to-day at Beach hotel from hemorrhage by a knife wound received in the side in a personal encounter with J. J. Wrenn of Austin three weeks since. Deceased at the time of his death was major general of the First division Texas Volunteer guards. He came to Galveston last Wednesday on business. While on the street the freshly-healed wound reopened and three pounds of blood was lost before the flow was staunched. The remains, under military escort, started for Austin this evening.

Cold-Blooded Murder.

CRISFIELD, Md., May 19.—At Tangier island, Virginia, on Saturday, Dr. Petts called Dr. Waltze, a rival physician, into his office and shot him dead. People attempted to lynch Petts but were prevented. The murderer was jailed.

The hearing in one of the liquor cases will take place in Justice Fields' court to-day. We advise citizens to attend and hear some of the motions for delay, change of venue, etc.

The drug store end of the prohibition party is still doing the most active work in behalf of prohibition. It is serving our officers to do their duty and greatly strengthening the public sentiment behind them.

A healthful sign of the times is that no congressman attempted to add to our paper money as a relief in our recent financial disturbance. Ten years ago congress under similar conditions would have voted to print $50,000,000 of more greenbacks.

The Louisville Courier-Journal does not give up its fight for free trade. Henry Watterson will fight for a free trade plank in the national democratic party. It says:

With the help of the republicans, the tail has succeeded in wagging the dog—at Washington. But, please God, there will not be any republicans to speak at Chicago that is to say, not at Chicago in July; and there is no reason to doubt that the course of nature interrupted for the time being, will then be resumed. Moral: Republican journalists, do not prophesy democratic policies. Democrats, don't cry before you are hurt. Everybody wait.

There is evidently some misapprehension among some of our drug men. It is not a personal fight between certain men and drug stores. But it is a contest on the part of this city through its properly elected representatives to have the laws respected and obeyed. It affords us satisfaction to add that this contest will not probably cease until the city has thoroughly demonstrated that it can or cannot execute its ordinances. A few men have chosen to defy our ordinances, and have attempted to intimidate the city officers who try to have the ordinances enforced. To stop now is practically to hand the city over to a few men who insist on making money by lawless means. It means to do away with all respect for law and to take from every law officer that moral support that he should feel behind him in the performance of his duty. We are not ready to do this and the only alternative is to crush out the saloon business. The alternative has been given us by the drug men and they must not complain if the city authorities give them no rest until they stop violating our laws.

The Opinion gives the following interesting news about state politics:

George M. Chilcott, Ben Eaton and ex-Senator Tabor are fairly in the gubernatorial race. Lieutenant Governor Meyer has always been there. There is now no more concealment of any kind.

Since his return, ex-Senator Tabor has been actively at work. He will make his main fight for Arapahoe and Lake. Chaffee county is already conceded to him.

Ben Eaton will have some southern support. He may get Las Animas, Fremont and El Paso. Custer will have a trading delegation for Townsend, who wants to go congress. Weld, will of course go to Eaton, and he was promised Lartimer in the last state convention.

Chilcott ought to get a southern county or two outside of Pueblo. He has a fighting chance in Fremont, but the larger portion of the south will go to Meyer. Chilcott will not make an active fight. He rather expects to be a compromise man. If pressed, he would not mind going to congress. Chaffee is—or rather was, before he dropped politics to investigate finance—very anxious that Chilcott should be nominated.

Meyer has scattering strength all over the state. Belford will not be in the race. It is made up just as we have put it.

The Markets.

NEW YORK, May 19.—Money easy, 3 per annum, closing offered 1½; prime paper 4 to 5½; sterling exchange 4.83 to 4.85, demand 4.85 to 4.86; governments lower, at the third call a firmer feeling prevailed; railways weaker for Erie seconds, East Tennessee consols and West Shore fives; state securities steady and weak. There was a quiet feeling in Wall street. The stock market however was lower and before the first call a decline of ¾ to 3 per cent took place, the latter Louisville & Nashville. This was succeeded by a rally of ¼ to 1¼. Louisville & Nashville however was an exception. It declined to 30½ on heavy sales. The stock became thus weak on a revival of the rumor of a defalcation in the company's office. It was also said the pool in the stock had liquidated. The announcement of the failure of Wm. B. Scott & Co. did not affect the market. Late in the day a moderate buying demand set in and prices moved up ¼ to 1¼ per cent. The general market closed firm. Five thousand, four hundred and forty shares of Union Pacific were sent to England and Amsterdam to-day. Michigan Central, which sold at 97 on Friday, was 71¾ bid on Saturday, rose to 78 to-day and closed at 75. Compared with Saturday closing prices are ¼ to 3 per cent lower for Louisville & Nashville, Central Pacific, Canadian Pacific, Northwestern, St. Paul, Lackawanna, Denver, Lake Shore, Missouri Pacific, Kansas & Texas, New York Central, Erie, Northern Pacific, Oregon Transcontinental, Pacific Mail, Reading, Omaha, Union Pacific, Texas Pacific and Western Union. Canada Southern is ⅞ and St. Paul 1 per cent higher.

There was some activity in mining stocks. The market was steady. Sales included Ajax at 07, Belle Isle 50 to 55, Brooce 26, Consolidated Virginia 19, Iron Silver 90, Union Consolidated 3.05, Central Arizona 10, Chrysolite 80, Dunkin 18, Eureka 3.50, Father DeSmet 2.75, Horn Silver 8.00, Navajo 3.05 and Sonora Consolidated 05.

The amount outside of New York was $301,916,000, being an increase of ten per cent. The notable gains are New York 8, Boston 11, Philadelphia 15, Chicago 8, Baltimore 5, Pittsburg 40, Cincinnati 13, Kansas City 12, Detroit 40. Losses—St. Louis 11½, San Francisco 7, New Orleans 13, Indianapolis 27.

Damage by Wind.

COLUMBIA, S. C., May 19.—A heavy wind and rain storm occurred at the village of Tarlton, Pickaway county, this afternoon. About thirty houses were unroofed, being nearly the entire village. Fences were blown down, trees uprooted and man named Korshner dangerously hurt by a falling blacksmith shop. The same storm passed in the vicinity of Lancaster, Fayette county, where several buildings were unroofed and the amphitheatre at the fair grounds and race course destroyed. Several horses were killed by falling barns.

Voudooism in Alabama.

Selma (Ala.) Times.

We have before us something of a curiosity in the shape of a voudoo or conjure bag. Negroes in this section, even in their most enlightened circles, have never gotten rid of that lowest order of superstition common to the race since the birth of their most ancient forefathers, which is a firm belief in and practice of what has been called voudooism. The little bag we have before us was picked up on Broad street in front of the Selma furniture store a few days since. It contains a rabbit's foot, a piece of dried coon foot, a bulbous plant that grows spontaneously in southern forests, also some other herbs and roots dug from the woods, and some small particles of parched tobacco. The rabbit's foot, perhaps, possesses more powers of sorcery than any other instrument in use among the black magicians of the south. Numbers of negroes in the south carry a rabbit's foot in their pockets or concealed about their persons as constantly as the plowboy carries his knife. There is not one negro out of every hundred who will allow another person, white or black, to approach them with the enchanted foot. They will almost go into spasms of terror, and will fight, as for dear life, rather than come in contact with a rabbit foot in the hand of another person. What there is about the foot of an ordinary rabbit, or, more properly speaking hare, that sways such a powerful influence for the negro juggler, is something we can't understand, but that it does is a settled fact. There is an old negro at labor for the city now who was arrested and tried for vagrancy several days since. He claims to be a voudoo doctor, and many negroes in town actually fear him as they would a rattlesnake. Perhaps the bundle of trash before us is the property of this same old superstitious negro, and if so, according to the doctrine of voudooism, his magical powers are all lost.

A Country House in Kentucky.

Louisville Courier-Journal.

English novels have made the novel-reading world familiar with the characteristics of English country gentlemen; their hospitality, their broad acres, and, above all, the comfort of their homes. Around their hearthstones gather their friends from far and near, and all the comforts and all the refinements of modern civilization are called in to make them happy. It is the same at Mount Sterling. There is none of that pretentious showiness which so disgusts one among the wealthy parvenues of the large commercial centres. Comfort, not style, elegance, not attempted show, are the rule. The house is large and roomy, and seems to be meant to accommodate a large number of guests, as no doubt it does. Every room is a model of comfort. Great feather beds, inviting you to slumber, remind one of the good old Knickerbocker homes about which Irving loved to write. The fireplaces are broad, hearty and hospitable, just the kind to make your heart warm and fill you with a feeling of satisfaction toward yourself and all the world. The furniture is in accord with what you would expect in a home where comfort reigned and not show. Sofas made to sit on and to lie on, and not to look at, are scattered about and are covered with rich and warm looking rugs, while bright and substantial looking carpets are spread over the floors. The three graces of modern civilization—order, elegance and comfort—show themselves everywhere, and the greatest of these, as my genial host and his sister will tell you, is comfort.

ARTHUR GILMAN'S

History of the American People

"We have nothing as good, and are not likely to have," says the very critical editor of the New York Independent.

"The most attractive one volume history of the United States that we have seen."—Boston Literary World.

"The extreme care with which the facts have been collated, and the attention shown to the latest results of investigation and discussion, even in minor matters, makes it very valuable as a book of reference."—Pittsfield Eagle.

"Nothing better exists as a compendium of our country's history," says the editor of the Boston Transcript, in the course of a long and careful review.

"Its accuracy we stand."—Boston Transcript.

"Considering the general brevity of the book, it is marvelously full; and, considering the long story to be told, crowded with fact and detail; the graceful style, warm coloring and general lifelike animation of the book is a still greater marvel."—N. Y. Independent.

"Will the reading man spoken" was added by Prof. Fisk in his charming pamphlet. Hence, moreover, that the rational way to use tobacco is through the pipe. All agree that of all the best tobacco should be used, which is the best? That to which Nature has contributed the most exquisite flavors. Blackwell's Bull Durham Smoking Tobacco fills the bill completely. Nearly two-thirds of all the tobacco grown on the Golden Tobacco belt of North Carolina goes into the manufactory of Blackwell, at Durham. They buy the pick of the entire section. Hence Blackwell's Bull Durham Smoking Tobacco is the best of that tobacco. Don't be deceived when you buy. The Durham Bull trade-mark is on every genuine package.
Blackwell's Genuine Bull Durham is the choice of all lovers of Cigarette Tobacco.

TUESDAY, MAY 20, 1884.

CATTLE AND SHEEP.

Two of the Most Important Colorado Industries.

In the circular dated May 16, Edward Mellor & Co. say: There has been but little change of note in the general wool market for some time past, but in absence of any active movement prices naturally still favor buyers, and like during similar periods of depression, natural necessities seem to be the only incentive for manufacturers to purchase. Stocks of nearly all domestic wools are comparatively light, and assortment offering consequently poor, so that with receipts of the new clip there will probably be the usual improvement in demand, and in absence of any excitement west during the next few weeks, shippers will be likely to secure wools at prices which will eventually show a handsome profit. New Mexican fall clip and other territory wools seem to have been reduced to a moderate amount, and light carpet grades are scarce and in demand. The following prices are quoted for Colorado, Wyoming and New Mexico:

Choice clips, graded, medium	20 to 21
Choice clips, graded, fine	17 to 19
Choice clips, graded, improved	17 to 19
Light improved	17 to 20
Average grades	14 to 17
Heavy fine	15 to 18
Coarse (carpet stock)	14 to 15
Black	14 to 15

CHAFFEE COUNTY RANCHES.

S. S. Haver, manager of the Cleveland Cattle company, represents nearly 2,500 head of American and grade cattle, including about fifty thoroughbred bulls, Herefords, lately shipped from Longmont. Buffalo Springs ranch, says the Chaffee county Times, whose editor has lately visited it, is one of the finest in South Park, containing 1,200 acres of patented land, taking in several miles of the Platte river, and has about 5,000 acres under fence. The buildings consist of a handsome and commodious two story frame dwelling, a large barn, good camp house and ample corrals for weighing, feeding and general purposes. Mr. Haver has finished baling about 100 tons of hay for the market this week which will bring an average price of at least $25 a ton, possibly $25. Mr. Haver has a neighbor only two miles west, S. S. Sweet, who owns a fine herd of cattle and a good ranch.

SAN LUIS VALLEY.

Says the Prospector: Many stockmen in the San Luis valley are already in the saddle, riding over the country, locating stock and preparing for the round-up. While the severe winter just past has been a trifle rough on stock, there is a prospect of a better range during the coming year than the valley has known since 1873. The mountains are full of snow, and streams will carry considerable water during the coming summer months, materially helping the ranges throughout the season. At present, we hear of little demand for range stock in the San Luis valley, and beef is very scarce. Foot-hill ranges this season promise to be unusually good. The pleasant weather of the past ten days has prepared many stockmen for the spring round-up, and active work will be carried on during May. Losses in the San Luis valley herds have been comparatively small during the past winter.

RANGE NOTES.

The new grass is just fairly started in the North Park. From now on cattle on the range will gain weight.

John Smith, of Greeley, has sold his cattle and ranches on Running Water to the "Thirty-three" outfit for the sum of $160,000.

The Matador Cattle company has paid $6,347 for one year's lease of Texas school lands. About $30,000 were paid by other parties.

Ferdinand Ward will locate upon his brother's Colorado ranch when he gets his New York affairs arranged. He will be penniless.

A man lately from Antelope Park states that out of five hundred head of cattle in the park, probably not more than one hundred head will get through the winter.

A. C. Scribner, of Fort Collins, sold forty-four head of cattle a few days ago at five cents and a half per pound, the average weight of the lot being 1,100 pounds.

President J. Scherrer, of the Colorado Cattle association, has returned to Denver from Wichita Falls, where he has been looking after his spring drive. His cattle will reach Colorado next month.

Twelve hundred head of Mexican cattle were loaded at Chihuahua on Monday of this week and will come to Denver, and go by the Burlington & Missouri to Brush station. They have been purchased by a new company in this field.

Eight hundred head of cattle passed through Denver early the present week from Old Mexico. They were for Mike Quealy, of Medicine Bow, in Wyoming. They were fine looking young cattle, and would compare favorably with any native stock.

Two hundred thoroughbred, high-grade bulls will be turned loose on the Colfax county (New Mexico) range on or before June 1. The members of the associations will put 200 high-grade cows under herd with thoroughbred bulls for the purpose of raising their own.

B. F. Spinney, of Antelope Park, recently disposed of his entire flock of sheep, consisting of 1,370 head, at $2.60 per head. The purchaser was William Pittman, of Adel, Iowa. Mr. Spinney made a very fair margin off the deal, but does not consider sheep a preferable investment to cattle.

John L. Sweet, of Fort Collins, says the Express, sold six head of steers which he has been feeding during the winter, and got six cents per pound for the same, the highest price we have heard of being given this year. The heaviest animal weighed 1,185 pounds. George Weston was the purchaser.

Huerfano county, according to the Cactus, is the best cattle county in the state. According to statistics there are in the county to-day, says this paper, in round numbers, 30,000 head of cattle, valued at $900,000; 180,000 head of sheep, valued at $200,000; 3,000 head of horses, valued at $100,000; 400 head of mules, valued at $20,000.

R. W. Mathews, of Walden, North Park, Colorado, has purchased of the Stonewall Cattle company, in New Mexico, 1,000 head of one, two, three and four year old steers, to be delivered June 15 at Springer, New Mexico, and shipped from there to Pueblo via the Atchison, Topeka & Santa Fe railroad, and thence driven to the mountains. Mr. Mathews has partially contracted for 2,000 head more steers in New Mexico.

Another Woman.

KANSAS CITY, May 19.—The body of the woman found in a quicksand on the river near this city last evening, at first supposed to be that of Mrs. General Proudfit, has been identified as the remains of a middle-aged woman who was seen for several days wandering about the levee in the lower part of the city.

SUNDAY HAPPENINGS.

Swartz's tannery at Ballston, New York, burned. Loss $25,000.

A portion of Lamb & Leroy's knitting mill at Troy, New York, burned. Loss $10,000.

Near Trenton, Indiana, George H. Syler killed his son Solomon in a family quarrel.

The Athletic base ball club defeated a picked nine at Denver by a score of 25 to 7.

Over one hundred cars of live stock for Colorado and Wyoming stockmen reached La Junta.

Tamaschima, one of the imperial princes of Japan, passed through Denver with his suite on the way to England.

The Edwards-Hart walking match began at five minutes past 12 o'clock Sunday morning, about 500 people being in attendance.

The Boulevard Congregational church, North Denver, was dedicated. Rev. Myron W. Reed preached the dedicatory sermon.

At the convention of German liberals at Berlin, they declared their loyalty to the emperor and the empire, and they resolved to maintain the constitutional rights of the people.

Charles Taylor, a colored brakeman on the Houston & Texas Central railroad, who had made himself obnoxious, was shot dead while passing through a car by some unknown person.

The Harlem railway shops, in the upper part of New York city, burned. Loss $200,000. Three passenger cars and three locomotives were burned by sparks from the burning building.

A tornado started in Melrose township, four miles from Quincy, Illinois, demolishing the buildings on two well-improved farms, and then swept eastward beyond the reach of the telegraph.

Boxey Bray and William Hendershot, two hard characters of Pittsburg, were probably fatally shot by Policeman McAleese. They were trying to abduct an unsophisticated German girl.

The majority of the czarowitch was celebrated in Petersburg with much ceremony. The czar and czarowitch drove through the streets unattended, but special orders had been given to keep the windows of the houses closed.

Jas. R. Osgood & Co.'s

ANNOUNCEMENTS OF

NEW BOOKS

TO BE

Published During the Spring of 1884.

The prices named below are subject to revision on publication.

OSGOOD'S COMPLETE POCKET-GUIDE TO EUROPE. Revised and enlarged edition of 1884. With new and complete alphabetical dictionary of European summer resorts and health resorts, with distances and fares from Paris. 1 vol. 32mo. With six maps. Price $1.50.

AT DAYBREAK. A novel. 16mo. Price, $1.25.

A graceful idyllic, well-written story of two Danish-American families, of a new type. The plot is good, with many fine situations, the interest is sustained to the end, and the story as a whole has both power and freshness.

OVER THE BORDER. By Miss E. B. Chase. 1 vol. 12mo. Illustrated with Heliotype Engravings from original drawings. Price, $1.25.

A charming description of recent summer travel in Nova Scotia, with piquant sketches of life and manners in Acadia, the land of Evangeline, and descriptions of the wild scenery and stirring people about the Basin of Minas.

A MIDSUMMER MADNESS. By Mrs. Ellen Kirk. 1 vol. 16mo. Price, $1.25.

A capital novel, by one of the foremost American story writers, full of bright epigram, and abounding in interesting situations.

THREE VILLAGES. By Wm. D. Howells. 1 vol. 16mo. Little Classic size. Price, $1.25.

In this pleasant record of close and kindly observation, Mr. Howells gives descriptions and reminiscences of three peculiarly interesting American communities and their people, making rare and delightful pen sketches, as clearly and delicate as his "Venetian Days" and "Italian Journeys."

SONG AND STORY. By Edgar Fawcett. 1 vol. 12mo. Price, $1.50.

The chief poem in "Song and Story" is entitled "Alan Eliot," and narrates in blank verse the history of a secret fratricidal crime, followed by its revelation while the murderer is in a state of somnambulism. "Alan Eliot" is in many respects Mr. Fawcett's strongest and most dramatic poem. Other poems in the volume are "The Republic," (an oration read at Harvard college by its author in 1879 before the Phi Beta Kappa Society), "The Rivers," (a long lyrical piece read in the previous year before the Alpha Delta Phi Society of Yale at Chickering hall), and various other poems printed at different times in the magazines and journals. It is now six years since Mr. Fawcett published his last book of poems, "Fantasy and Passion."

AN AVERAGE MAN. By Robert Grant, author of "Confessions of a Frivolous Girl," "The Lambs," etc. 1 vol. 12mo. Price, $1.50.

"A sparkling bright thing," it is pronounced by a well-known critic. A success is predicted for this vivid realistic story, not inferior to that which welcomed "The Confessions of a Frivolous Girl."

MINGO, AND OTHER SKETCHES IN BLACK AND WHITE. By Joel Chandler Harris. 1 vol. 16mo. Price, $1.25.

Another series of southern stories and sketches by the author of "Nights with Uncle Remus," whose admirable portrayals of negro life and thought, legends and superstitions, have won profound admiration in America and Europe.

EUSTIS. A novel. By Robert Apthorp Bolt. 1 vol. 12mo. Price, $1.50.

A southern love story and an admirable one, giving striking hints of the state of feeling lingering yet in the south, with a brilliancy of local coloring, and a completeness of plot, that furnish material ample and well worked out to constitute "Eustis" a most original and interesting novel.

HENRY IRVING'S IMPRESSIONS OF AMERICA. Narrated in a series of sketches, chronicles, and conversations. By Joseph Hatton. 1 vol. 12mo. Price, $1.50.

TINKLING CYMBALS. By Edgar Fawcett, author of "A Gentleman of Leisure," etc. 1 vol. 12mo. Price, $1.50.

A brilliant novel of New York in the nineteenth century, by one of its closest and most observant students, which, during its serial publication, has attracted very general attention and met with great commendation for its vigor, intensity and spirit.

THE BATTLE OF STONE'S RIVER. Near Murfreesboro, Tenn., December 30, 1862, to January 3, 1863. By Alexander F. Stevenson. 1 vol. 8vo. With maps and plans. Price, $3.00.

A minute and detailed account of one of the most sanguinary and prolonged battles of the civil war, which has hitherto been too little understood. The heroic deeds of the two armies that confronted each other in Tennessee are here set forth with picturesque martial vigor.

The funeral of Mrs. Caroline Parsons took place from her late residence on Nevada avenue Sunday afternoon, and the remains were yesterday forwarded east for interment.

County court will be in session to-day, when the other liquor case will in some way be disposed of. There is some talk of dismissing the present actions and bringing new ones.

On account of Mr. George White going east the skating rink has been without music for a week or more. Messrs. Howbert & White have made arrangements with Mr. Metz as leader, and music will be furnished to-night as usual.

The ladies of the Methodist church south will give an ice-cream festival in the Delmonico restaurant, on Pike's Peak avenue, this evening. The ladies know how to give an entertainment, and a good time is assured all who attend.

Mr. Ainsworth Brown's patent window screen is meeting with ready sale now that the fly season is approaching. It is a very simple invention, covering the entire window and working on a spring roller like a shade. A sample of the screen can be seen at his store.

A hearing in the case of the People vs. A. M. Pryor, charged with committing rape on Miss Ettenburger, was in progress in Justice Pixley's court yesterday. The trial of the case is conducted with closed doors and will occupy some time as there are a large number of witnesses to testify.

The contract for erecting the church building for the M. E. church, south, society, corner of Weber and Cucharas streets, has been let to Mr. R. W. Anderson, for $2,795. The building will be a one-story brick, 32x50 feet, with pressed brick front. It will be completed August 15th next.

Fast driving on our streets should be stopped. On Saturday evening a small boy was knocked down and badly hurt by two fellows who were racing horses on Tejon street. They manifested the utmost indifference and did not even get out of their conveyances to see how badly the boy was hurt.

Among the notable arrivals at the Antlers yesterday were Commander and Mrs. Annie Webb, Mr. and Mrs. Cordross Grant and A. Tyson of England, Alfred Budd of Ireland, J. Contuvyels of Brussels, and Mr. and Mrs. James Simpson, W. Robertson and Duncan Glass of China.

On next Friday evening "The Troubadours" a local organization headed by Burt Haverly, late of Emerson's minstrels, will give a novel entertainment at the opera house. Among the others who will participate are Sid Hamp, Ed. Ermatinger, J. W. D. Stovell, Charles Billings, Frank Parrish, John Sneden and Major Macomber. The following will be the first part:

Opening Overture.....By the Company.
"The Man with Seal Skin Pants"...J. W. D. Stovell
"Mary Ann, I'll Tell Your Ma".....Chas. Billings
"Tars' Farewell".....John Sneden
"The Christening".....Burt Haverly
"Swim Out for Glory".....Ed Ermatinger

GRAND FINALE,

"The Cruel-Hearted Jailor"....By the Company

After which an olio consisting of songs and specialties will be given, the whole to conclude with a laughable farce entitled "School."
